Key Accounts	John Healy	727-729-1037	john.healy@epprep.com
North Florida	Bill Edwards	352-272-7730	bill.edwards@epprep.com
Inside Sales	Susan Whisenhunt	561-660-4895	susan.whisenhunt@epprep.com

We are a team of dedicated professionals with extensive power industry experience representing only quality manufacturers. We pride ourselves on our product knowledge and are committed to continuing education to enhance our understanding of power systems.

Representing only the Finest Electrical Equipment & Services.

ENGINEERED POWER PRODUCTS INC. P.O. BOX 211805 ROYAL PALM BEACH, FL. 33421

Crown Electric Engineering & Manufacturing: Engineers – Designs – Fabricates and Installs Isolated Phase Bus and Large Bus Duct Systems, outdoor switchgear with an emphasis on power house construction.

HSP Hochspannungsgeräte GmbH

Transformer Bushings, Switchgear Bushings, Generator Bushings, HVDC Bushings, and SF6-Bushings
HSP produces quality tailor-made products and services such as transformer bushings, switchgear bushings, generator bushings, HVDC bushings and SF6-bushings up to the highest service voltage, as well as service and maintenance work for HSP equipment, service and maintenance work for other equipment and training for customers.

Iljin Electric: Copper and Aluminum Medium, Medium, High Voltage and EHV XLPE, TR-XLPE & E P R Cable. Power Cable Systems, Accessories and Cable Monitoring, Installation & Maintenance.

Mindcore Technologies: Medium and High Voltage Air-Break Disconnect Switches, Intelligent Motor Operators, Substation Solutions.

MEPPI Transmission SF6 Circuit Breakers, Medium Voltage Vacuum Circuit Breakers, Power System Studies, Power Quality/FACTS Equipment, Large Power Transformers, GIS Substations and complete Energy Storage Systems

National Breaker Service - Metal-Enclosed and Metal-Clad Switchgear Remanufacture, Refurbishment, Maintenance, Vacuum Conversions, Retro-fill, Complete Field, Engineering, and Emergency Services, 480V-38KV Transformer Primary Protection Units – to 27kV, 2,000 amps Citadel Vacuum Breakers conversion for: • Westinghouse DH-P, Allis Chalmers MA, McGraw Edison, GE AM 4.16, Free standing - S 38kV Substation type, Allis Chalmers DZ Citadel Outlook • 15 to 38kV, 20kA, 2,000 amps, station and pole-top reclosers

Pennsylvania Transformer Technology, LLC. PTT is a US owned power transformer company with two USA manufacturing locations and a rich heritage that dates back to the late 1920's. PTT manufactures small, medium, and large core-form design power and auto-transformers for application in generation, transmission and distribution utility and industrial substations.

Trench Voltage and Current Transformers, Reactors, Grading Capacitors, Power Line Carrier Wave Traps and Relay Communications Gear, High and Low Voltage Equipment Bushings. The Trench Group is a world leader in power engineering and the design of specialized high voltage electrical products serving customers in the utility and industrial markets around the globe. Our product portfolio includes instrument transformers, bushings and coil products.
